OUR STORY

TWO DECADES OF BUILDING. NOW IN DUBAI.

It began in Gujarat, India, in 2003, when our founder, Faruk Sachora, set out to build communities people could call home. Over two decades he delivered more than 15 residential communities and commercial complexes, each one sold out. In 2024 that journey brought us to Dubai, where we bring the same commitment and quality to hard landscaping on developments by Emaar, Meraas and DAMAC.

WHAT WE STAND FOR

- TRUSTED BY MASTER DEVELOPERS
- ONE TEAM, START TO FINISH
- SPECIALISTS, NOT GENERALISTS
- ON TIME. ON LINE AND LEVEL.

40

OUR OWN TEAM

3 engineers, 4 foremen and 33 skilled installers.

WHAT WE DO

FOUR TRADES. ONE TEAM.

From the first string line to the last swept joint, every layer of a hardscape area is laid by our own team.

The build-up, layer by layer: sub-base, bedding sand, kerbs, banding, interlock paving and jointing.

01

INTERLOCK PAVING

Precision-laid pavers for driveways, podiums and plazas.

02

BANDING AND EDGING

Border courses that frame each paved area and lock it in.

03

KERBSTONES

Crisp kerb lines for roads, parking and landscape edges.

04

TILING AND FLOORING

Tiling and flooring built to main-contractor standards.
